

A place where small things make a difference.

Making More Rooms for Love

RONALD MCDONALD
HOUSE CHARITIES®
OF BALTIMORE

the campaign for Our New House

A place that feels like home.

We are **Making More Rooms for Love** so that when a family is given the heartbreaking news that one of their children is critically ill or injured they will not have to worry about having a place for their family to stay.

Last year, we turned away 563 families in need of a home away from home. Currently the Ronald McDonald house hosts 36 families each night and over 1,200 annually in rooms that tightly sleep 4 people.

Our new house will have accommodations for 55 families per night and over 2,200 families annually in rooms that will comfortably sleep up to 5 people. These larger rooms will allow families to stay together and allow parents to focus on what's really important: *their family and the health of their child.*

The Ronald McDonald House provides the comforts of home and gives each family a space to call their own. The individual rooms will include the following amenities:

- Two queen size beds and room for an additional bed
- Handicap accessible bathrooms
- Ample closet and storage space for 5 people to live comfortably
- Oversized windows to allow plenty of natural light
- Free Wi-Fi, television and telephone
- Warm, family-friendly room décor
- A personal space to make your own when you're in an unfamiliar place
